## February Recap: A Month Full of Community and Connection

**Hearts Afire Weekend - February 7-9:** We had a blast celebrating Loveland's annual Hearts Afire Weekend! From cozying up by the fire pits to enjoying the festive atmosphere, we loved connecting with the community. Thank you to everyone who stopped by our ice sculpture to snap a picture!

**Launch of Loveland Brew Crew:** We were thrilled to be part of the kickoff for the Loveland Brew Crew, a new initiative bringing together local beer (and coffee) enthusiasts and businesses. Supporting local ventures is important to us, and we look forward to continuing our involvement with this fantastic event!

**Lunar New Year Celebration - February 22:** We had an incredible time celebrating the Lunar New Year with our team and community! Our dinner was filled with delicious food and great company as we welcomed the Year of the Snake. The highlight of the evening was the mesmerizing Lion Dance performance, which brought energy, good fortune, and excitement to the celebration.

## Time Savers Heating & Cooling Named a WHAMM! Award Finalist!

We are excited to share that we have been nominated as a finalist in TWO categories, "Business or Organization that Shows the Most School Spirit" and "Best Home Service Provider" for the Milford Miami Township 2025 WHAMM! Business & Community Awards!

WHAMM! (Who Are the Heroes Around Milford-Miami Township) recognizes businesses and organizations that make our community a great place to live, work, and grow. Being named a finalist is a huge honor, and we couldn't have done it without your support!

A big THANK YOU to everyone who nominated us—we truly appreciate your recognition. Now, as voting opens, we'd love your support once again!

Be sure to cast your vote and help us bring home the win! Voting begins on March 3rd! The winners will be announced at the WHAMM! Awards Celebration on April 17.

We're proud to support our schools and community, and we're grateful to be part of this special event. Thank you for being part of the Time Savers family!

## Customer Highlight: A Great AC Installation Experience

This month, we're featuring a review from one of our valued customers who recently had an AC installed by Time Savers Heating and Cooling:

*"AC installation. Doug and his crew showed up on time, explained how the day would look, gave me a walk through at the end and charged fair price. Highly recommend!"*

We appreciate the trust our customers place in us, and we're proud of our team for delivering a smooth and professional installation. Clear communication and quality work are what we aim for every day.

Thank you for sharing your experience!

### Supporting Our Local Schools

Time Savers Heating & Cooling is proud to support Loveland High School by sponsoring a digital billboard at the school. This sponsorship helps provide valuable resources to students while also keeping the community informed about upcoming school events. We believe in investing in our local youth and are honored to contribute to their success. Next time you're at Loveland High School, be sure to check out our digital display!

### Upcoming Events

- **Loveland Brew Crew:** Ongoing starting Feb 19-April 19
- **Eastside Business Bash:** March 20th 4-7pm @ Little Miami Brewing Event Center - Join us for the annual Business Expo! This joint event is the largest business expo in the northeast Cincinnati region, featuring 46 businesses from the area that provide B2B and B2C services. Stop by our table to enter to win a pair of Red's Tickets!

## March HVAC Tip: Get Your AC Ready for Warmer Weather

With spring approaching, now is the perfect time to prepare your air conditioner for the warmer months ahead. A little maintenance can improve efficiency, lower energy bills, and prevent unexpected breakdowns.

- Replace or Clean Your Air Filter – A clogged filter restricts airflow and forces your system to work harder. Checking and replacing it regularly improves performance and indoor air quality.
- Test Your Thermostat – Switch to cooling mode to ensure your system responds properly. Consider upgrading to a programmable thermostat for better energy efficiency.
- Clear Debris Around the Outdoor Unit – Leaves, dirt, and other debris can block airflow and reduce efficiency. Clearing the area ensures your system can run smoothly.
- Schedule a Professional Tune-Up – A technician can inspect components, check refrigerant levels, and catch small issues before they turn into major repairs.

Taking these simple steps now will help keep your home cool and comfortable when temperatures rise. If you need a tune-up, we're here to help!
